

9b_E_Mö_Aufgaben20.04. – 24.04

Dear students,

Hope you are all fine and healthy! Please do the tasks below. I'd like the following students to send me their results (preferably in word- or odt-form) till the end of this week (moe@gymnasiumaspel.de):

Alex, Pascal, Annelis, Finn, Jona, Pia and Elias

The other students of course can send me their findings, too, but I won't be able to correct them that detailed thus I'm planning to focus on ca. 7 students per week in the next month.

It is not necessary to send in the results of exercises I had given you before Easter, as I uploaded model solutions so that you can correct those tasks yourselves.

Best wishes

S. Mölle
